

# Effect Of Sowing Date And Seeding Rate On Different Winter

## Kindle File Format Effect Of Sowing Date And Seeding Rate On Different Winter

As recognized, adventure as with ease as experience virtually lesson, amusement, as well as treaty can be gotten by just checking out a book [Effect Of Sowing Date And Seeding Rate On Different Winter](#) with it is not directly done, you could understand even more more or less this life, approximately the world.

We manage to pay for you this proper as well as simple artifice to acquire those all. We find the money for Effect Of Sowing Date And Seeding Rate On Different Winter and numerous ebook collections from fictions to scientific research in any way. in the midst of them is this Effect Of Sowing Date And Seeding Rate On Different Winter that can be your partner.

### Effect Of Sowing Date And

#### **Effect of sowing dates on the morphological ...**

Shaikh et al, (2009) reported that sowing date has significant effect on some growth characteristics such as seed yield, oil and protein contents of linseed The aim of the present study was to investigate the effect of sowing date on the growth characteristics, oil content, yield ...

#### **Effect of Sowing Date, Plant Density and Phosphorus ...**

okra plants to sowing date, plant density and phosphorus fertilizer levels A split-split plot in a randomized complete blocks design with three replicates was used Results are summarized as follows: Okra plants cultivated in mid-April produced the highest mean values of vegetative growth in comparison with the other sowing dates

#### **Effect of Sowing Date, Irrigation Intervals and ...**

Effect of Sowing Date, Irrigation Intervals and Fertilizers on Safflower (*Carthamus tinctorius* L) Yield \*Nahid Abd Alfatah Khalil1, Yassin Mohamed Dagash1, Samia Osman Yagoub2 1Dongola University, College of Agricultural Science, Agronomy, Sudan 2Sudan University of Science and Technology, College of Agricultural Studies, Agronomy Khartoum

#### **EFFECT OF VARIETIES AND DATES OF SOWING ON GROWTH ...**

Effect of Varieties and Dates of Sowing on Growth ... 3825 Table 2 Effect of varieties and dates of sowing on growth parameters, yield attributes & yield of black gram {Pooled Data of Two Years} Table 3: Relative economics of different black gram varieties and date of ...

#### **EFFECT OF DIFFERENT PLANTING DATES OF MAIZE ON ...**

1 To find out a proper sowing date for the maize crop in Peshawar valley 2 To find out the link between the sowing date and infestation so as to avoid damage from maize stem borer 3 To achieve maximum yield MATERIALS AND METHODS An experiment entitled "Effect of different sowing dates on

maize stem borer infestation" was conducted at

#### **EFFECT OF SOWING DATE AND TIME OF HARVESTING ON THE ...**

EFFECT OF SOWING DATE AND TIME OF HARVESTING ON THE YIELD AND YIELD CONTRIBUTING CHARACTERS OF SESAME (*Sesamum indicum* L) SEED M N ALAM SARKAR 1, M SALIM2, N ISLAM3 AND M M RAHMAN4 1 and 4 Hajee Mohammad Danesh Science and Technology University, Dinajpur, 2 and 3 Bangladesh Agricultural University, Mymensingh,

#### **Effect of Cultivar and Sowing Date on Okra (*Abelmoschus* ...**

sowing date Accordingly for high okra seed yield sowing on the first two weeks of July may be recommend for Khartoum State and areas of similar conditions Keywords Sowing Date, Okra Cultivars, Vegetative Growth, Seed Yield 1 Introduction Okra (*Abelmoschus esculentus* L Moench) is a member of the family Malvaceae It is a perennial

#### **Effect of sowing rate and sowing date on lupin seed yield**

Effect of sowing rate and sowing date on lupin seed yield By D S GOULDEN Crop Research Division, DSIR, PB, Christchurch, New Zealand (Received 12 December 1975) ABSTRACT Trials were carried out with *Lupinus angustijolius* cv 'Uniharvest' sown in autumn and spring at five sowing rates

#### **Effect of sowing date on flowering and seed set of mustard ...**

Effect of sowing date on flowering and seed set of mustard (*Brassica juncea* L) Manju Devi and Harish Kumar Sharma Abstract The present study was conducted to determine the effect of sowing date on flowering and seed set of mustard (*Brassica juncea* L)

#### **Effect of Sowing Date and Humic Acid Foliar Application on ...**

the effect of sowing date on the agronomic traits of numerous crops; however, studies on the effect of sowing date and humic acid on canola growth and production using different cultivars are still limited Therefore, the objective of this research was to determine the effects of sowing dates and humic acid on some agronomic of six canola

#### **Effect of Cultivar and Sowing Date on Growth and Yield of ...**

The effect of cultivar and sowing date on days to emergence of the studied cultivars in 2008/2009 season was significant at 5% level of significance but non - significant in 2009/2010 season also the interaction effect remained non significant in both seasons (table 1 , 2) The comparison between the wheat

#### **Effect of sowing date and harvest timing on seed vigour in ...**

Effect of sowing date and harvest timing on seed vigour in garden pea (*Pisum sativum* L) A G CASTILLO\* J G HAMPTON1 P COOLBEAR Seed Technology Centre Department of Plant Science Massey University Palmerston North, New Zealand \*Present address: University of Southern Mindanao, Kabacan, Cotabato, Philippines Abstract Quality parameters were

#### **EFFECT OF SOWING DATE ON OCCURRENCE AND SEVERITY OF ...**

The effect of sowing date, cultivar and the interaction between sowing date and cultivar grain yield and KTW was statistically significant Our results indicated that wheat genotypes showed different level of BYDV infection in different sowing dates

#### **Effects of gibberellic acid and sowing date on harvest ...**

the second sowing date started on 11 and 22 March, respectively, and continued until 16 April From the 10 July sowing, plants treated with GA3 began to produce on 31 October (113 d after sowing) and continued until 16 April regardless of the number of applications (fig 1) From the 10 August sowing, in contrast, the beginning of the

**Effects of sowing date on the growth and yield of maize ...**

Effects of sowing date on the growth and yield of maize cultivars (*Zea mays* L) and the growth temperature requirements Mehdi Dahmardeh Department of Agronomy, University of Zabol, Iran E-mail: dahmard@yahoo.com Accepted 11 June, 2012 A field experiment was conducted to analyze the relationship between growing degree days, yield and

**The effect of sowing date and season on growth and yield ...**

There was a major effect of sowing date, late-autumn sowings (after mid-September) giving lower yields than early-spring sowings The best autumn sowings (early Sep-tember) gave about 3 t/ha of seed, but late sowings less than half this; oil content also decreased with delay in sowing-from 45% to as low as 38% Delayed sowing

**Effect of variety and planting date on the growth and ...**

Effect of variety and planting date on the growth and yield of okra Prosanta Kumar Dash investigate the effect of planting date on the growth Observation was made from the date of seed sowing It was considered with the anthesis of flower

**Effect of sowing date and NPK fertilizer rate on yield and ...**

Effect of sowing date and fertilizer rate on cob weight per plant (g) of quality protein maize in 1998, 1999 are shown in thTable-2 In 1998, sowing on 10th and 20 June produced statistically similar cob weights per plant, but were significantly higher than crop sown on 30th June

**EFFECT OF SOWING DATE ON GRAIN QUALITY OF SORGHUM ...**

effect of sowing date on sorghum quality done by Ratnavathi et al [23] found out that cane yield, per cent brix of stem juice, per cent juice extractability, per cent total soluble sugars and reducing sugars in the stem juice of sweet sorghum were reduced at late planting date

**Effects of Sowing Date and Irrigation Treatment on ...**

Interaction Effect of Year with Sowing Dates The interactive effect of year with sowing date was significant for all studied parameters, except for protein yield (Table 2) The values of safflower oil yield, oil content and linoleic acid content were significantly higher for the first sowing date
